

STAINLESS STEEL KEGS

MANUFACTURED BY

FRANKE

Franke kegs are produced in Germany and have a 30 year warranty on condition that a service is carried out every 7 years by a certified service agent.

Franke kegs are made of high quality stainless Steel designed for beer, wine and other beverages. The kegs can be branded and adapted to your brand identity.

With Franke's premium design, only the best TIG-welding technology is used throughout. The highly polished surface of the keg allows for easy cleaning, saving you time and also minimising the risk of contamination.
